OTHER SERVICES

Your 360° logistics partner

The CSS Kingston group also extends its portfolio with value-added services like Industrial Packing, Lashing and Crating along with a dedicated division for customs clearance.

Industrial Packing, Lashing and Crating services

At CSS Kingston, we provide industrial packaging services handled by professional experts with top quality material for all packaging. Along with industrial packaging solutions for general cargo, we specialize in crating fragile items (glass, mechanical items etc.), sensitive cargo (laboratory equipment, calibration equipment etc.) and heavy cargo (generators, turbines etc.). To serve your complex shipping requirements, we use skilled resources for fabrication of industrial crates along with ISPM certified heat treatment. All our employees are equipped with Personal Protective Equipment and adhere to our high safety standards in these facilities.

We also undertake all types of industrial lashing and securing jobs. Using only the top-quality materials, our team has well trained and skilled riggers for lashing. We also offer lashing services for over dimensional and over-weight cargo.

Customs Clearance

With our core focal point centered at Sharjah, we are authorized to clear customs in the SAIF zone, Hamriyah Free Zone, ICD Kalba, Khorfakkan port, Khalid port and Sharjah Aviation Services.

From the moment of shipment till delivery, we handle all the customs procedures related to your cargo. With specific solutions tailored according each client's requirement, we ensure that the correct duty is paid, and all other statutory requirements and compliances are met for both air freight and sea freight. Whether it is food items, mechanical equipment, personal effects, or commercial merchandise, our experienced staff ensures that shipments are customs cleared accurately and swiftly. Our expert team is well-equipped with specific and precise knowledge of the legal procedures. Our team always stays abreast with the current customs issues and legislations, latest customs requirements, and procedures in various countries as well.

VALUE-ADDED SERVICES
